VOLUME 26, No. 1

Bearcats Trounce Arrowwood Team By 22-5 Score

The Bassano Bearcats gave the Arrowwood baseball team a terrific drubbing last Wednesday evening, July 9, on the Bassano diamond when they defeated the visitors 22-5.

The second inning looked like a long distance race around the bases when the Bearcats hit the ball all over the lot and counter 10 runs. Artie Simpson clouted a homer with the bases full, a feat that should win almost any ball game. The Bearcats simply ran wild, and every man on the team got one or more hits. Arrowwood used up several pitchers in an attempt to check the hard hitting Bassano boys. The visitors also made a number of errors that the Bearcats took advantage of.

The Lineup
Bassano: Simpson 3; Leonard 2b; Ralph Burrows 3b; Royal Burrows c; Roach 1b; LePage c; Peterson 1b; Bulmer p; Hurford c.

Arrowwood: Mackie c; Mason 3b; Bowman p; Welsh 1b; Scott 2b; Norton 2b; Brink 1b; Beattie 3b; Dunsen 1b.

The Bearcats played in the tournament at Meadowbrook last Friday July 4. They lost to Meadowbrook 11-7 in the first drive. Meadowbrook won the tournament, so Bassano was awarded third money.

The Bearcats' next game is at Arrowwood on Wednesday, July 16, and the next game in the series is on Sunday, July 20, when Meadowbrook plays here.

May Play Colored Team
The Negro baseball team now touring Alberta, may be seen in action in Bassano Sunday. The Bassano ball club is negotiating to have the colored team play here about July 26 if possible. This team is playing at Glenora last Tuesday, losing to the Glenora team by a 5-2 score.

Swimming Pool Is Popular These Hot Summer Days

Children and Adults Enjoy a Splash in the Big Tank

Swimming is undoubtedly the most popular sport in Bassano these hot summer days. Men and women, boys and girls, visit the pool for a refreshing dip in the water.

The boys and girls are the most numerous and most frequent patrons of the pool. They are there in the morning ready to take a header into the tank as soon as the gate is opened at 10 a.m., and some of them spend almost the whole day at the pool. Some of the local couples are now splendid swimmers, and they spend so much time at the pool that they have become tanned almost as brown as little Indians.

The pool offers splendid sport and healthful exercise for children and adults. The water is clean and deep, and there are diving boards both high and low, and there is good accommodation in the dressing rooms.

Old Timers Gather At Steveville

An old timers' picnic was held at Steveville on Sunday, July 6. Most of the people present had homesteaded in this vicinity, and many had left for new environments elsewhere.

The day was perfect for a picnic, and the location on the Red Deer river, north of the village, is ideal. Swimming was the most interesting of the sports.

Those present were: Mr. and Mrs. Lou Rodmele, Billy Rommel, Hazel Rommel and Miss Dorothy Simmons from Carmarthen; Mr. and Mrs. W. H. Whitley, Ray Whitley, and Mr. and Mrs. Jack Dickie, of Brooks; Mr. and Mrs. Bob Irwin, and Robert Albert, and Vivian Irwin, of Regina; Mr. and Mrs. H. A. Sandgathe, and Patricia, Mr. and Mrs. W. R. King and Mr. and Mrs. Oren King, of Seattle; Mr. and Mrs. C. T. Armstrong, and Leona, Ralph, and Jackie; Mr. and Mrs. E. J. Bell, Zora, Margaret, Jason and Bruce Bell; Miss Eleanor Moffat, Johnnie Moffat, of Husar; Mrs. R. Brown, of Arden; Miss Isabel here located Jackson's ferry.

Hussar News

HUSSAR, July 9—Mr. and Mrs. W. H. King and Mr. and Mrs. Oren King, of Seattle, and Mrs. E. J. Bell, of Arden, spent the weekend at the home of Mr. and Mrs. E. J. Bell.

Miss Eleanor Moffat, will teach grades 7 and 8 at Warner's coming year.

Miss Zora Bell will teach at Belcher next term.

Miss J. Morrison, of Cowley, is a guest of Miss Eleanor Moffat.

Mr. and Mrs. H. D. Brown, with Emerson and Ruth, returned on Saturday last from an auto trip to the west.

Mrs. Macdonald, Miss Edna Macdonald, and Mrs. Middleton were guests of Mrs. LeGrandeur the first of the week.

Miss Hulton, after a very successful demonstration in interior decorating, left for Calgary on Thursday morning.

Board of Trade

The Bassano Board of Trade held a regular meeting in the Imperial Hotel dining room last Wednesday, July 9, at 1:00 p.m. About eighteen members were present, and W. L. Flanagan occupied the chair in the absence of C. H. McMillan, the president.

H. F. McDonald, in reporting the activities of the carnival committee on Dominion Day, said that although the evening's program was spoiled because of rain, the carnival bazaar took in considerable money, and he expected to show a profit when the expenditures and receipts had all been tallied.

Mr. Geo. Haworth, chairman of the winning pool committee, said that the pool was being well patronized, and the committee expected to sell many more season tickets now that the hot summer weather had arrived.

A. L. Smith, secretary of the fair grounds trustees, read the financial report of this committee for the Dominion Day sports. The report was accepted.

In reporting for the public affairs committee H. F. McDonald said that on the road running due north of town some improvement had been made on the culverts.

Stray Horses Will Be Knocked Down To Highest Bidder

Cowpunchers Gather at 100 Horses in Government Round-up

About one hundred stray horses of every description that have been wandering around the prairie in the Bassano area have been gathered in by a gang of riders in the Alberta government round-up.

Some of the band consists of some good horses suitable for work, and some animals of lighter weight suitable for saddle horses. The animals have been led and strayed, and will be placed under the auctioneer's hammer next Thursday, July 17.

The sale will take place at W. R. Playfair's corral, starting at one o'clock p.m.

Ben Gray, who can sell everything from a cracked shelling mug to a nickel plated throwing machine, will be selling the auctioneer's hammer, and will sell the horses to the highest bidder.

Morrison, of Cowley; Nahl, Anderson of Brooks; Dr. and Mrs. W. G. Anderson, with Robert, Jack and Leo Anderson, Mr. and Mrs. Jack Bradshaw and Jack D. Bradshaw, Mr. and Mrs. E. A. Sandgathe and Miss Helen Sandgathe, and Mr. Ralph Barons, of Wardlaw; Mr. and Mrs. Steve Hall, Miss Thelma Connor, Jack Schaffer, and W. H. Haxel Jack.

The Lure of the Maritimes

makers from all parts of eastern Canada and United States. Their many seaside resorts, quaint and beautiful little villages and snugly dotted along the Bay of Fundy have a special attraction for those who wish to combine comfort with scenic beauty, golf and a wide variety of other sports with fishing and sailing; and the whole with modern and direct transportation.

St. Andrews-by-the-Sea with its well known and excellent Algonquin Hotel. There, as at its more famous namesake in Scotland, it is to be found one of the outstanding golf courses in Eastern Canada where many a hard-fought championship has been decided.

Again, take flight on the Bay of Fundy. Set in some of the most beautiful, old-world scenery in Canada, the Pines, recently opened hotel, offers a wide range of entertainment including tennis, golf, sailing, fishing, hiking, horseback riding, motoring, the salt water pool with plate glass windows and promenade for spectators nestling under the veranda of the hotel. Good motoring roads give access to scores of quaint little villages, some of them, in the Evangeline country, scenes of historic interest and tragedy. Here too, the modern tourist will often meet the old-world man of main taking its leisurely way down the country road. Tap-out shoes hand-spring drive into the Pines Hotel pool, Evangeline country, showing church and statue at Grand Pre; and of course at St. Andrews.

AN OPEN LETTER

WHY WE SHOULD SEND GARLAND BACK TO OTTAWA

Ladies and gentlemen of Bassano and surrounding district, the time is fast approaching when we as electors will have to decide who we wish to represent us in the House of Commons at Ottawa for the next four years.

Mr. E. J. Garland for the past nine years has represented the constituency of Bow River as a U. F. A. candidate. During this time he has justified the confidence we have placed in him.

Mr. Garland of Bow River is regarded by all political parties as one of the most competent men in parliament today. In recognition of his undisputed ability he was supported and endorsed by all the prominent leaders in Bow River. During the last election, and again during this election he will not be opposed by a liberal candidate. This, I believe, should warrant the support of every sane thinking Liberal in this constituency.

During Mr. Garland's term of office he has at all times supported the government in all good legislation, and when he considered that something was being put forward that was not in the best interests of western Canada or of Canada as a whole, he offered constructive criticism, and it has been proven time and again that the policy of Mr. Garland and his U. F. A. colleagues has become the policy of the government in a year or two.

Mr. Garland has fought faithfully for the interests of all interested soldiers, whether it be for the pensioner or the soldier settler. In recognition of his excellent work on behalf of the U. F. A. colleagues dependents he was recently honored by the Bowden branch of the Canadian Legion by being made an honorary member of the Legion.

Mr. Garland and his U. F. A. colleagues justly claimed a great deal of credit for the fight they put up in order to have the Crofters' Bill, the way Rate Agreement restored to the western farmers. Since 1924 there has been a saving of 125,000,000 in freight rates to the farmers of Alberta, and this in turn means that the farmers have more money to spend with the local merchants.

The Dominion Bureau of Statistics reports that since 1924 to 1935, 60,000 bushels of wheat have been shipped out of Alberta at a saving of four and one-fifth cents a bushel. Farmers

Gem News

GEM, July 9—Mr. and Mrs. Martin are expecting relatives from Great Falls, Montana. They hope to arrive in time to enjoy the Gem sports day on July 20th.

Our community executives are busy these days working for the success of our community sports day.

Mr. and Mrs. C. Villet spent a pleasant Sunday, guests of Mr. and Mrs. B. Bejanian.

Two methods of horse trip either Perry, was in the colony for several days last week. He is travelling in the interests of Cressy Farm, of Toronto.

The Gem correspondent wishes to state that, owing to being misinformed, a reference was made in last week's notes for better postal service for Gem. There is no post office being signed and none is necessary where we have a postmaster whose record is for seven years he has not missed one single trip either taking or bringing the mail from Bassano, a distance of 26 miles. This is no joy ride in 20 or 30 miles over the Gem road at 2 o'clock.

Mr. and Mrs. R. Lawrie and Miss J. Lawrie left on Thursday for a holiday. They had planned to visit Banff and district.

Planned to report that Bert Keel, who was taken to the Bassano Hospital on Saturday, returned home Tuesday. He is suffering from nervous trouble.

A noted Evangelist from the east will preach on Sunday afternoon in the gymnasium at 2 o'clock. A cordial invitation is extended by the Sunday school committee to the community to be present.

Two methods of horse and one carload of pigs were shipped this week from Gem.

Several members of the community are enjoying the Calgary stampede. Mr. and Mrs. Leslie Douglas left on Friday for Brooks and Calgary.

Mr. Gosling was in Bassano on Saturday. He is receiving treatment for a crushed finger.

July 20th, the last Wednesday in the month, is the Big day in Gem. Watch for the posters.

Eighteen ardent of saskatoon berry pickers were visitors to the river district on Sunday last.

Mr. Hyre left the colony on Sunday for Rosemary and Duesen where he is contracting for the government in road making, etc.

Quite a happy time was enjoyed by the colony set in the colony set on Tuesday afternoon when Mrs. Portney entertained them, the occasion being Gladys's birthday.

25,000 pounds of wool was shipped from the colony on Tuesday. Love, of Calgary, being the buyer.

Countess

COUNTRESS, July 10—Harry Epstein and Miss Price motored to Brooks Sunday.

Mrs. O. Swanson and her father, Mr. Hatley, are visiting in Spokane.

The Busy Bee Sewing Club met at the home of Mrs. Mack Ferguson on Saturday.

Orline Hartley, of Bassano, and Mrs. R. Eastman, of Rosemary, were guests of Mrs. A. M. Anderson on Tuesday.

Mrs. Stue's mother, Mrs. J. Sheffield, arrived Saturday from Los Angeles, Calif., for a visit.

Mr. and Mrs. Baughman and Mrs. Fred Robinson were callers at the Heidt home on Friday.

Mrs. M. H. Campbell spent the week in the colony with her sister, Miss Marie Chamberlain.

Keith Wins Golf Tournament With Total Low Score

Victors from Brooks and Glenora Play Final Round With Bassano on Home Links

Golfers from Brooks and Glenora together with members of the local club, gathered on the Bassano links last Sunday to play the final round in the Calgary Herald golf competition. Dr. W. F. Keith, of Bassano, won the competition and the right to represent this district in the final competition between district champions, his next one single trip either taking or bringing the mail from Bassano, a distance of 26 miles.

Keith won easily by a margin of nine strokes over his nearest competitor, Geo. Mahelson, of Glenora.

Neither Keith nor Mahelson turned in a good score for the day. Keith taking 57 strokes for the 18 holes, and Mahelson 59.

Dunsen, of Brooks, had an 86, and E. P. Currie and W. J. Smith of the Bassano club each turned in an 87. The best card of the day was turned in by Tait White, crack golfer of the Brooks club, who checked a five 75. White will still the silver competition which followed.

"Swag" Cory, of Brooks, like Hawthack, saved himself until the syndicate game later, when he shook a few birdies out of his bag to make the cash register ring.

BUS SERVICE TO CALGARY

The bus service now in operation between Bassano and Calgary makes a round trip every day. The bus leaves Bassano at 7:30 a.m., and gets back here at 8:15 p.m.

Hussar U.F.A. Local Hold Business Meeting

At a recent meeting of Hussar Local U. F. A. the following business was transacted:

Selection of Woodrow Elliott, as junior delegate to Alberta Institute of Co-operation at Oda was ratified. The local endorsed the election of Woodrow Elliott to represent the Hussar exhibition to participate in the judging of livestock and grains. This judging team goes under the auspices of the Department of Agriculture, Livestock Branch, and consists of Ray Houghland, of Hussar, and Ruby Steelling, of Hussar. Both are students of the agricultural college at Oda.

A joint session of Standard, Makepeace and Hussar U. F. A. decided to subscribe to necessary finances to contribute to the local fair last spring for the erection of fuel oil and lubricating oil handling facilities as well as storage accommodation on the south side of the track as suggested and approved by the C. P. R. last May. More particulars will be given from time to time. The guests of Mrs. A. M. Anderson on Tuesday.

Mrs. Stue's mother, Mrs. J. Sheffield, arrived Saturday from Los Angeles, Calif., for a visit.

Mr. and Mrs. Baughman and Mrs. Fred Robinson were callers at the Heidt home on Friday.

Garland is Now Touring Riding

E. J. Garland, U. F. A. candidate for Bow River federal riding, opened his campaign at Glenora Wednesday July 2nd, and has held well attended meetings during the past week. His program from now on will be, in part, as follows:

Strathmore, July 12th, evening.
Countryside, July 14th, afternoon.
Bassano, July 15th, evening.
Arrowwood, July 16th, evening.

On July 23rd Mr. Garland will be on the air over a provincial broadcast, and will address the electorate on the pending political situation.

It must not be forgotten that in the federal election the ballots are to be marked with X, not the figures 1, 2, 3, etc., as in the provincial election.

Rye Nearly Ready For Harvesting

Wheat All Headed Out, With Some Field Looking Bad and Others Very Poor

E. F. Maurer has a field of rye that he expects to harvest next week. He has already cut some of it for hay. Mr. Maurer estimates this field will yield about 12 bushels per acre. Most of the other rye crops are not so good.

Wheat is all headed out and measures from 6 inches to 10 and a half feet tall with some heads per acre. It is now estimated that the crop of the poor crops will be hardly worth cutting, and the best crops may yield about 12 bushels per acre.

Review Work Of Labor Government In Great Britain

London, Eng.—England's second Labor Government has completed a third more than one year in office. In that period it has kept parliament working long hours turning out legislation embodied in a wide social programme.

Protection of the consumer against profiteering, the removal of certain injustices under the Widows Pensions Act, an improvement in the unemployment insurance (dole) scheme, the raising of the school-leaving age to 15 years—with the right to go immediately on the dole, if employment is not readily obtained—the shortening of the miner's working day, and reorganization of the mining industry, are a few of the domestic issues which have been the target for the Labor Government.

On the international sphere there has been a renewal of diplomatic relations with Russia and the signing of a preliminary trade agreement, ratification of the government's signing of the optional clause with respect to the League of Nations, the drawing of British troops from the Rhineland, a new agreement on the Anglo-Egyptian problem of the Sudan, and finally the renewal of real friendship with the United States and the subsequent three power agreement for the limitation of naval armaments.

All of these achievements and aims show the first year of the second MacDonald Government to have been one of great activity over a wide front despite its minority position in parliament, which forced the government to depend upon Liberal votes to keep them in power.

Only a vast problem of unemployment and the Indian troubles have not responded fully to the Labor government's administration.

One suggestion has been made that bill providing for extra borrowing to the extent of \$100,000,000 as an effort to help the unemployment situation. There is also the suggestion that the number of contributions, now amounting to about \$7.30 over a period of 30 weeks, before an insured person can receive benefit of the dole upon losing his job, may have to be reduced.

These latter suggestions are, however, political talk, and may not materialize.

New Liquor Board Ruling

Soldiers' Clubs In British Columbia May Sell Beer

Victoria, B.C.—Sale of beer by the Soldiers' Clubs, the most important departure undertaken by the government in the handling of the liquor situation since the inauguration of beer by the glass in licensed premises will commence almost immediately.

An order-in-council passed by the cabinet formally allows the liquor board to license soldiers' clubs to sell beer under the liquor act amendments passed by the legislature in March.

Decrease In Wheat Acreage

Estimate Shows Per Cent Drop On Prairie

Winnipeg, Man.—Decrease of .03 per cent in the wheat acreage this year in the three prairie provinces is shown in the estimate released by the Northwest Grain Dealers' Association. There is an increase shown for Alberta of .34 per cent, but decreases of 1.9 and 1.8 for Manitoba and Saskatchewan respectively.

There is an estimated total of 23,893,000 acres in wheat this year against 23,997,800 acres last year.

Favor Empire Trade

London, England.—Representatives of leading British banks, including the Bank of England, and Morgan, Grenfell and Company, met here today, passed a resolution in favor of reciprocal trade agreements and an open market between the nations constituting the British Empire. They advocated the placing of duties on all imports from foreign countries.

Announce Promotion

Ottawa.—Promotion of Lieut-Col. W. G. MacFarlane, V.D., to the rank of major, to command the Fifth Mounted Brigade, of the Canadian Mounted Rifles, was announced recently at the Department of National Defence. He succeeds Col. H. V.C.M.D., who has been transferred to the reserve of officers.

W. N. U. 1845

Start Thirty-Five Day Tour

Treaty Money Carried To Northern Indians By Plane

Ottawa, Ont.—Carrying \$35,000 in treaty money to the Indians of the north, two cabin monoplane, piloted by officers of the Department of National Defence, took off July 2, from Rockliffe Aerodrome. The planes will take H. N. Avery, of the Department of Indian Affairs and W. R. Cash, Deputy Minister of the Ontario Department of Lands and Forests, on a 35-day tour of the North, starting from this office as Dominion and Provincial Commissioners of Indian Treaty number 6.

Valuable Discovery

Pine Flon Lake Bed Said To Be Rich With Gold

The Psa, Man.—Copper mineralization carrying high values of gold has been found on the bed of Pine Flon Lake, recently drained, according to a statement issued by R. E. Phelan, district engineer of the Department of Mining and Smelting Company. Extent of the mineralization is not known, it is stated, but exploration work is going on.

No definite date has been set for start of production at the mine, it was announced.

Kingsford-Smith Honored

Given Rank Of Wing Commander By Australian Government

Canberra, Australia.—An announcement has been made in the House of Representatives that Squadron Leader Kingsford-Smith had been promoted to the rank of wing commander in recognition of his seaward trans-Atlantic flight.

From Sculling said that the government was anxious to give him some greater honor to mark his achievement, but that the conferring of title clashed with Labor policies.

HOUSE OF LORDS HAS APPROVED RESOURCES ACT

London, Eng.—The British North America Bill, an amendment to the British North America Act embodying the agreements entered into between the Canadian government and the provinces of Manitoba, Saskatchewan and Alberta, for the return of the natural resources to those provinces, as well as the agreement for British Columbia, passed through all stages of the House of Lords without opposition.

The British Government is hastening passage of the bill in view of the celebration of the 60th anniversary of Manitoba's entry into confederation on July 15th.

In moving passage of the bill, Lord Parmoor, Lord President of the council, announced the bill was merely intended to place the younger provinces of Canada on the same footing as the older ones.

Lord Parmoor said he wished to convey the government's very best wishes to the Province of Manitoba on the forthcoming happy anniversary, expressing the hope that Manitoba would have continued progress.

Winnipeg, Man.—Proclamation of a public holiday in Manitoba, July 15, will be made shortly by an order-in-council by the provincial government. The day marks the celebration of the 60th anniversary of Manitoba's entry into Confederation, as well as the date of return of natural resources to the province.

New Canadian National Steamer

Above is shown S.S. Prince Henry, the latest acquisition to the Canadian National fleet on the Pacific Coast. S.S. Prince Henry, which has arrived at Vancouver, is a tribute to the shipbuilding art of British yards. The vessel is 344 feet in length and fitted in the most modern way. The passenger accommodation, designed for the Pacific Coast tourist trade, is ultra modern with rooms for 334 first class and 70 second class passengers. The vessel will have a Board of Trade license to carry 1500 passengers. S.S. Prince Henry is the first of three new ships which will start service this summer. She will ply between Vancouver and Skagway during the summer months, while her sister ships S.S. Prince Robert and S.S. Prince David will inaugurate a tri-city run between Vancouver, Victoria and Seattle.

Escapes From Burning Plane

Pilot Lands On Lake, and Swims To Shore

Bloux Lookout, Ont.—Al Cheeseman, famed as air pilot on St. Hubert Wings Antarctic expedition, missed death by only a margin when his plane took fire over northwest Ontario's forest country, according to word reaching here. The flyer, who is planning a flight to Tokyo, brought his burning ship to the surface of a lake, dove into the water and swam to shore, back-fired, and the oil on the exhaust pipe ignited.

Flames spread in a flash to the body of the Fairchild machine and Cheeseman pressed in a perfect landing on the surface of a nearby lake. The accident occurred in the vicinity of Millidge, Ont. 40 miles west of Bloux Lookout, on the Canadian National Railway. En route from Bloux Lookout to the Pan Man, Cheeseman's plane developed engine trouble while he was speeding along at 1,000 feet. As he prepared to bring his pontoon-equipped plane to a landing, the engine started again, back-fired, and the oil on the exhaust pipe ignited.

Flames spread in a flash to the body of the Fairchild machine and Cheeseman pressed in a perfect landing on the surface of a nearby lake.

Canadians Given U.S. Citizenship

District Court Of Appeal Reverses Decision Of Lower Court

New York.—Douglas Clyde MacIntosh, theology professor at Yale, and Marie Averil Blund, Canadian world war nurse, both of whom refused to take the oath to bear arms in defense of the United States, won a reversal in the U.S. district court in Connecticut, refused to make the oath because, he said, he would not bear arms if he believed the war to be for an unjust cause.

Dr. MacIntosh, applying for citizenship in the federal district court in Connecticut, refused to make the oath because, he said, he would not bear arms if he believed the war to be for an unjust cause.

Miss Blund, who cared for shell-shocked soldiers in France, declared that under no circumstances would she bear arms in any war. She said she could not do so because she did not believe it would be consistent with the Christian religion. Her daughter, a Canadian Episcopal clergyman, now lives in New York.

Airplane Crash

Saskatoon Instructor Pilot Narrowly Escapes Death In Accident At Prince Albert

Prince Albert, S.D.—W. M. Sakston, instructor pilot, narrowly escaped death here when a Moth plane crashed on the exhibition grounds while being demonstrated to directors of the local light aeroplane club.

Moth was stunting at a low elevation before about 30 persons, and in coming toward the ground, the tip of the right wing hit the earth and sent the machine plunging to the field at a terrific speed.

The impact was heard for a number of blocks, and the plane was badly wrecked. Moth sustained only an ugly gash over the left eye as the souvenir of his miraculous escape from death.

School Board Probe

Vancouver, B.C.—Charges that the city had suffered a loss of \$20,000 through short delivery of supplies to the school board, and that coal and coke paid for by the board had been delivered to an employee's home were made at a meeting of the select committee of the city council investigating the affairs of the school board. Complete details of the charges were made by those charged with benefiting from them.

Report States Crop Season Is Backward Throughout Dominion

U.S. House Approves United Border Patrol

Washington, D.C.—Overriding status opposition from Great Lakes states representatives, the House approved another law enforcement proposal of President Hoover in passing a bill creating a united border patrol. The vote was 181 to 56.

The measure now goes to the senate, where it is doubtful if favorable action can be secured at this session.

It is designed to prevent smuggling of liquor and merchandise by making entry illegal except at points to be designated by the president. Under another amendment the civil service status of the 1,500 men in the existing patrols would not be lost in the new organization, which is to be increased to 2,500.

The belief that the border patrol bill was sponsored by the Anti-Slavery League was expressed by Representative Wood, Democratic New York, in an attack on the measure.

He said that passage of the bill means an "additional army of a thousand armed men" and said residents on the border had appealed to the government against "murder" by border patrolmen.

Dates For Musical Festivals Next Year

So Arranged That Same Judges Will Be Employed

Edmonton, Alberta. Dates for musical festivals in the west in 1931 were arranged at the annual conference of the Canadian Musical Festivals Association, held in Edmonton. Delegates were present from all parts of western Canada. George McInnes, president of the association, presided.

Dates for the 1931 festivals are: Saskatoon, at Winnipeg, April 29 to May 2; May 3 to May 5, Vancouver, May 12 to May 23; May 30, at Lethbridge, May 25 to May 30, and Saskatchewan, June 1 to June 6.

These dates have been arranged to allow the same judges to officiate at all of the festivals. The judges are: H. S. Robertson, of Glasgow, Herbert Samuel and H. Plunkett-Green, of London.

Will Recover Bodies

Brookville, Ont.—As the representative of the Minister of Public Works and the Dominion Government, Captain T. D. Caldwell visited the homes of Brookville men who lost their lives in the "J. B. King" drill boat disaster, assuring relatives that the government would do everything humanly possible to bring about recovery of the bodies of the 28 men still missing.

Parachute Jumper Claims Record

Saskatoon.—Charles Collins of Aurora, Ill., claimed a new world's record for a low parachute drop, after he made a successful landing from an altitude of 800 feet during the Saskatoon air meet. Collins also held the previous record of 900 feet.

NAVAL TREATY IS CRITICIZED BY EARL BEATTY

JACOB, A SELFISH MAN TRANSFORMED

Golden Text: "For what shall I increase? If he should give me a whole world, and forfeit his life or a man's name in exchange for his life." Matthew 16:26.

Lesson: Genesis 25:19-34; chapters 27-35, 46:28 to 47:12.

Devotional Reading: Psalm 137:1-4.

Explanations and Comments

Jacob Treats His Brother Meekly. 25:29-34. One day Jacob prepared potage, a dish made of lentils or small beans, and Esau, his brother, came in from the field. There was his name called Edom. Edom means red. Esau had red hair and red complexion, and it was red potage for which he was called Edom. These things combined to give him the name of Edom, and his descendants were called Edomites.

"Sell me thy birthright," Jacob demanded of Esau, who was hungry. Esau's exhaustion and hunger by the time he came to Jacob, which later, at least, included a double portion of his brother's property and the leadership of the family, readily yielded to the covenant privileges. Meek as Jacob's proposal it shows that he appreciated the value of the birthright, as Esau, who was only a boy at the time, could not.

"Behold, I am about to die," Esau exclaimed—he was "tired to death," as so often say with an little truth and what profit shall it bring me to sell my birthright?" Jacob knew that when he was hungry and Esau would not let him starve, he would be able to buy his birthright, as Esau did.

When he was hungry and Esau would not let him starve, he would be able to buy his birthright, as Esau did. When he was hungry and Esau would not let him starve, he would be able to buy his birthright, as Esau did.

Earl Beatty said the London Naval Treaty had resulted in an increase of armament for other countries. He showed that the United States had built 233,000 tons, Japan 100,000 tons, and France 100,000 tons. He said that the United States had built 233,000 tons, Japan 100,000 tons, and France 100,000 tons.

U.S. House Approves United Border Patrol

Measure Passed By Large Majority Goes To Senate

Washington, D.C.—Overriding status opposition from Great Lakes states representatives, the House approved another law enforcement proposal of President Hoover in passing a bill creating a united border patrol. The vote was 181 to 56.

The measure now goes to the senate, where it is doubtful if favorable action can be secured at this session. It is designed to prevent smuggling of liquor and merchandise by making entry illegal except at points to be designated by the president.

Under another amendment the civil service status of the 1,500 men in the existing patrols would not be lost in the new organization, which is to be increased to 2,500.

The belief that the border patrol bill was sponsored by the Anti-Slavery League was expressed by Representative Wood, Democratic New York, in an attack on the measure.

He said that passage of the bill means an "additional army of a thousand armed men" and said residents on the border had appealed to the government against "murder" by border patrolmen.

The New York said the Canadian Government had told the state department that shooting across the border by patrolmen must stop.

Airmen Honor Comrade

Many Attend Funeral Of Major John Arthur

Toronto, Ont.—Prominent Canadian airmen with whom he had been associated in war and peace, attended the funeral here of Major John A. Leach, assistant director of the Ontario Air Service, who was killed when his plane crashed at Port Arthur.

Major Leach was buried in his flying uniform in a casket draped in the Union Jack. Representatives were present from Camp Borden, and there were wreaths from the Provincial Air Service branches at Kenora, Sudbury, and from the Port Arthur branch of the Canadian Legion.

Pur-Wale Wolfes

London, Eng. Quebec House, at Westminster, together with the relics of the famous General Wolfe which had been purchased by a committee headed by Sir Campbell Stuart and will henceforth be held in trust as national property.

SUNDAY SCHOOL LESSON

JACOB, A SELFISH MAN TRANSFORMED

Golden Text: "For what shall I increase? If he should give me a whole world, and forfeit his life or a man's name in exchange for his life." Matthew 16:26.

Lesson: Genesis 25:19-34; chapters 27-35, 46:28 to 47:12.

Explanations and Comments

Jacob Treats His Brother Meekly. 25:29-34. One day Jacob prepared potage, a dish made of lentils or small beans, and Esau, his brother, came in from the field. There was his name called Edom. Edom means red. Esau had red hair and red complexion, and it was red potage for which he was called Edom. These things combined to give him the name of Edom, and his descendants were called Edomites.

"Sell me thy birthright," Jacob demanded of Esau, who was hungry. Esau's exhaustion and hunger by the time he came to Jacob, which later, at least, included a double portion of his brother's property and the leadership of the family, readily yielded to the covenant privileges. Meek as Jacob's proposal it shows that he appreciated the value of the birthright, as Esau, who was only a boy at the time, could not.

"Behold, I am about to die," Esau exclaimed—he was "tired to death," as so often say with an little truth and what profit shall it bring me to sell my birthright?" Jacob knew that when he was hungry and Esau would not let him starve, he would be able to buy his birthright, as Esau did.

When he was hungry and Esau would not let him starve, he would be able to buy his birthright, as Esau did. When he was hungry and Esau would not let him starve, he would be able to buy his birthright, as Esau did.

Earl Beatty said the London Naval Treaty had resulted in an increase of armament for other countries. He showed that the United States had built 233,000 tons, Japan 100,000 tons, and France 100,000 tons.

Report States Crop Season Is Backward Throughout Dominion

U.S. House Approves United Border Patrol

Washington, D.C.—Overriding status opposition from Great Lakes states representatives, the House approved another law enforcement proposal of President Hoover in passing a bill creating a united border patrol. The vote was 181 to 56.

The measure now goes to the senate, where it is doubtful if favorable action can be secured at this session. It is designed to prevent smuggling of liquor and merchandise by making entry illegal except at points to be designated by the president.

Under another amendment the civil service status of the 1,500 men in the existing patrols would not be lost in the new organization, which is to be increased to 2,500.

The belief that the border patrol bill was sponsored by the Anti-Slavery League was expressed by Representative Wood, Democratic New York, in an attack on the measure.

He said that passage of the bill means an "additional army of a thousand armed men" and said residents on the border had appealed to the government against "murder" by border patrolmen.

The New York said the Canadian Government had told the state department that shooting across the border by patrolmen must stop.

Airmen Honor Comrade

Many Attend Funeral Of Major John Arthur

Toronto, Ont.—Prominent Canadian airmen with whom he had been associated in war and peace, attended the funeral here of Major John A. Leach, assistant director of the Ontario Air Service, who was killed when his plane crashed at Port Arthur.

Saskatchewan's Coal Production Higher

But All Canadian Output This Year Shows Decrease

Ottawa, Ont.—Coal mined in Canada during the first quarter of 1930 amounted to 3,571,808 tons, a decrease of 14 per cent from the corresponding quarter of 1929. Compared with the first quarter five-year average, there was a decrease of approximately two per cent during the period under review. Bituminous coal produced during January, February, and March, totaled 2,704,147 tons, an increase of 162,612 tons, and lignite 1,106,049 tons. Saskatchewan was the only province to record an increase in output over the first quarter of last year. Figures were published at the Dominion Bureau of Statistics.

Alberta's output of 1,639,234 tons was 41 per cent of the total Canadian production and recorded a decrease of 10.2 per cent from the first quarter five-year average. Nova Scotia's total of 1,513,415 tons and New Brunswick's 1,000,000 tons were respectively 11.11 per cent and 27 per cent higher than the quarterly five-year average. British Columbia increased its output over the first quarter of last year. Figures were published at the Dominion Bureau of Statistics.

The NEW Firestone BALLOON for Speed with Safety

FIRESTONE now announces another new tire - again built in advance of today's car requirements. This new Firestone Heavy Duty Gum-Dipped Balloon surpasses in strength, in toughness, in traction and in wear-resistance, any tire that even Firestone ever built before.

This new tire provides a wide margin of safety at any speed on any road. It has a deeper tread, extra sidewall thickness and scientific construction of alternating plies of live cushion gum and Gum-Dipped cords. Two extra plies of Gum-Dipped cords just beneath the tread absorb road shocks - Firestone engineering and design give you a wide margin of safety for fast driving.

At every Firestone Dealer's, you can recognize the new Heavy Duty Balloons by their magnificent construction and by the gold stripe that stands out against the ebony black sidewalls. See your nearest Firestone Dealer to day.

SPEAKING OF POLITICS
 The letter written by "A Hussar Farmer" and published in last week's issue of The Mail, and the editor's comment on this letter, have created much interest.

This week we publish another letter on the same subject over the signature of Ferdinand J. Muller. We are pleased to see that Mr. Muller does not value his approval of any boycotting scheme against Hussar business men as hinted by "Hussar Farmer". Evidently he agrees with the editor of The Mail that such action would be narrow-minded, unfair, and unjust, for Mr. Muller says, "At no time during the campaign or before or after has the U. F. A. adopted an intolerant, autocratic, threatening attitude of 'If you don't do this we shall do that.' The U. F. A. candidate as well as his supporters never solicited or appealed for votes on the bargain counter. We think too much of the sanctity of the vote to drag it into the gutter."

This confirms our belief as expressed in the editorial last week that the great majority of farmers in the Hussar district are fair minded, and that very few, if any, would agree with the published view of "Hussar Farmer."

In concluding his letter Mr. Muller gives good, sound common sense when he says, "I appeal to all to forget sectional and class differences, and cooperate for the common good of the whole."

There is, however, one statement in Mr. Muller's letter with which we take issue. Mr. Muller says: "I am astonished that the editor of The Mail deliberately tries to widen the gulf between town and country."

This is an unfair statement and does the editor an injustice. It is a most serious accusation, and demands an explanation. We would like to know what we have said or done that might be taken as a deliberate attempt to "widen the gulf between town and country."

In our editorial columns last week we criticized the published views of a certain individual. Mr. Muller says the letter should have been published only over the signature of the writer or suppressed entirely. That is for the editor to judge. We have the author's name, but he preferred to withhold it from publication.

The Mail at all times seeks to promote that which makes for friendly social and business intercourse between town and country.

Are we to see the flag flying of a broken heart over the innards of modern science and hand-made religion?

FAREWELL TO THE MULLAH IN AZERBAIJAN
 On a mountain above the town
 The Mullah pines up and down
 And gazes with his somber eyes
 To where the flat world city lies
 Beyond the mosque's queering walls
 With dirty rows of stables and stalls
 Without a fountain or a tree
 Between the mountains and the sea;
 The ancient palace of the Khan
 Stately and cruel stands upon
 A little hill, in calm new
 Above the houses row on row;
 And Hussar chapels dark with bells
 Echoing emptily as shells
 Rise from the city's turgid squares
 Where unscrupulous people sell their wares.

In turbid white and black silk gown
 The Mullah pines up and down
 And with a sombre searching gaze
 New smoky factories survey,
 Motives and trams, rude things that live
 Does he condemn? Does he forgive?
 From the mosque the Mullah's gaze
 Wanders across the sunset haze
 Over the oily desert where
 The camels out of Asia fare
 And high above the plain eagles
 A dragon aeroplanes that flies
 Daily across the desert there
 At the appointed hour of prayer,
 The faithful kneel now, one by one;
 "Allah, Allah! Thy Will be done!"
 Not far away, along the street,
 Electric megaphones repeat
 To credulous crowds not on their knees
 New proletarian litany
 Chanted a thousand miles away
 Where Moscow's censor'd organs play
 Where Hussars blaze and crowds
 Applaud

And Lenin sleeps by Kremlin wall,
 Where science forges a new spear,
 And fore lies paralyzed by fear.
 But now a nameless night begins,
 The devil plays with Christ - and wins -

And at the desert's hour of prayer
 The Crescent slinks through saffry air,
 The Cross is broken on the hill,
 Broken the old heart beating still.

Communication

Bassano, July 6th, 1930

Editor Bassano Mail,

Dear Sir:

Will you kindly allow me a little space to comment upon your editorial "Somebody Would Wield a Club."

When the mistress of the house caught her husband kissing the maid, she exclaimed, "I am surprised!" The husband, turning around, said, "No, dear; you are astonished; I am surprised."

The poor working girl will find very little comfort in the belated indignation of her knight.

I do not know who was the writer of the letter published and signed "Husar Farmer." Press etiquette would have dictated to publish the letter only over the signature of the writer or suppress it entirely.

This is one reason for my writing. The Mail deliberately tries to widen the gulf between town and country.

This pernicious issue was maliciously injected by the learned supporters of the opposition during the last provincial election. Time and again the U. F. A. appealed for harmonious relationship of country and town, pointing to the absolute interdependence of the two, only to be answered by slapstick politics of the opposition which would have delighted the voter of a generation ago.

If we have engaged in co-operative activities the attitude has been and is consistently to try to establish values of the established channels of commerce, and every opportunity is given for a healthy, harmonious relationship and avoid the law of the jungle. At no time during the campaign or before or after has the U. F. A. adopted an underhand, surreptitious, sneaking attitude of "If you don't do this we shall do that." The U. F. A. candidate as well as his supporters never solicited or appealed for votes on the bargain counter. We think too much of the sanctity of the vote to drag it into the gutter.

The soft between town and country is not only apparent in Bassano, but could be discerned in other small towns of the constituency, indicating how well the systematic effort and appeal of the opposition to prejudice has worked.

If the Husar not preferred to play a game of politics that is their own affair. My own personal view upon this is that common courtesy and decency would have prompted to refrain from open hostile attitude of the man who is living among us, and who had been selected by the U. F. A. as their standard bearer. We should be able to draw our own conclusions and not depend and be swayed by outside influence.

The editor rose to eloquent, picturesque and historic heights in his belated wrath, but I hope he will pardon me for saying that to a simple housewife it looks like painting the lily and perfuming the rose.

Now, in closing, I appeal to all to forget sectional and class differences, but co-operate for the common good of the whole, and afford the elected candidate every opportunity to redeem his pledges and promises.

Thanking you in advance for your courtesy in publishing this letter, I am,

Yours truly,

FERDINAND J. MULLER

One KODAK Snapshot
brings back a host of memories

HOW quickly childhood passes! Youngsters are grown up almost before you realize it. Some day you'll want to remember your children just as they used to be. And when that day comes you'll treasure above all else the Kodak snapshots that are so easy to make now.

STILES "The Druggist"

ONE GOOD RECIPE MAKES A COOK FAMOUS

The following recipe is recommended as an easy breakfast dish.

Stink one fresh beef kidney in cold salt water for one half hour. Drain and cook with a small quantity of boiling water in a double boiler for three hours or until tender.

Add one-eighth teaspoonful of pepper and three or four drops milk vinegar. Add six tablespoonfuls of flour, stir well and add three cups of milk with one cup of sugar.

The liquor the kidney has been cooked in four tablespoonfuls of butter or bacon fat and one slice of onion.

Add one-eighth teaspoonful of pepper and three or four drops milk vinegar. Add six tablespoonfuls of flour, stir well and add three cups of milk with one cup of sugar.

Put in a baking dish and cover with a thin layer of well seasoned meat potatoes. Then brown for ten minutes in a hot oven of 400 degrees F. Serves eight.

Dairying Is Most Lucrative Branch

OTTAWA, July 9. Dairying is the most lucrative branch of farming over a long period of years. It is announced here after a detailed study of the agricultural industry.

Figures compiled by the United States were used as a basis of the calculation.

Comparing the year 1927 with 1919 it became apparent that the grain farmer received in 1927 only 54 per cent of his 1919 income; the fruits and vegetables producer 83 per cent; the meat animal producer 86 per cent; the dairy and poultry producer received 101 per cent of his 1919 income.

SALESMEN'S care—demonstrators—delivery trucks—these are the pointers. We've got just the tire you need—the Goodyear Heavy Duty. It's extra rough and tough—filled with brute strength. Has the All-Weather Tread for road grip. Superlat Cord for long life. See this great tire here. Get our prices.

WORLD HAPPENINGS
BRIEFLY TOLD

Three hundred and fifty Canadian pilgrims headed by Cardinal Rouleau of Quebec, were received in audience recently by Pope Pius XI.

A permit to develop an area of 5,150 acres of Manitowish lands in Alberta has been granted to Walter P. Hinton, Toronto, according to the current issue of the Canadian Gazette.

The recently signed parcel post agreement between Cuba and Canada is expected to be a precursor to a complete commercial treaty between the two nations.

The French military tribunal has been dissolved and the possession of buildings, including the military prison, handed over to the German authorities.

J. G. A. Creighton, C.M.G., K.C., law clerk of the Senate, dropped dead in the Rideau Club, Ottawa. He was 80. He had occupied his post 48 years, and had also been in parliamentary counsel of the Senate since 1909.

On June 27, the King and Queen of Iceland and Denmark, assisted by the Icelandic cabinet, received Canadian and Americans of Icelandic descent, at the foot of the famous Rock of Laxa, in Thingvalir Plain.

Two hundred members of the Sons of Freedom, Doukhobor sect, passed peacefully through Nelson, on their way from Porto Rico, B.C., their home for the past year. They join the main Doukhobor settlement at Brilliant.

Announcement has been made that the Canadian Holstein Friesian Association will this year pay out \$15,000 in prize money to breeder-exhibitors of Holstein cattle in addition to the amounts paid out by fair boards throughout the Dominion.

The third No. 4 Canadian General Hospital, scheduled to be opened at the faculty of medicine at the University of Toronto, has been awarded to Dr. W. Johnston, Regina, Saskatchewan, a year memorial scholarship given by the Alumni Federation of the University.

High in Mental Ability

George Bernard Shaw Brainiest Man in England According to Vote Taken

George Bernard Shaw, according to readers of The Spectator, the well-known London weekly review, possessed the best brains in the country. The Spectator is a journal critical, among the more thoughtful class of people whose opinions in regard to mental ability are worth considering. The result of the recent vote is interesting in many ways. Here are the leading men in their "order of merit": Bernard Shaw, 214; Sir Oliver Lodge, 183; Lord Birkhead, 162; Winston Churchill, 155; Dean Inge, 91; H. G. Wells, 86; Lord Meath, 82; Lloyd George, 80; Philip Snowden, 48; Sir John Simon, 45.

The present prime minister does not receive a vote and Mr. Baldwin gets but 13. The Archbishop of Canterbury, Dr. Lang, does not place but the Archbishop of York (Dr. Temple), with 32 votes follows closely upon the heels of Lord Birkhead, who obtained 35. Sir James Harris is "placed" by 15 voters and follows "G. K. Chesterton's 17.

Bred in Western Canada

A great majority of the people have the mistaken idea that the wild duck supply comes from remote northern fastnesses. Most of the ducks ordinarily hunted for game, except the black ducks and perhaps the green-winged teal, are in certain extent, are taken in their breeding range. The canvas-backs, red-heads, mallards and scaups, which are shot in Ontario and Quebec in the open season, are bred in Western Canada.

"Don't forget that when you have bought the car you still have the petrol to pay for," says a writer. It's the spirit of the thing that counts.

In Hollywood
"Do you see that gentleman? He's the latest man I was thinking of." — Lucille Ball, actress.

Stefansson Believes
Arctic Route Best

Only Practical Way to Link Europe to America by Air

On the success and decision of the expedition which is to set out under Capt. G. H. Wallace, to investigate the possibilities of an air route from London to Winnipeg, via Greenland, and to the sea near Matanuska, Cape, to the British Empire, said Vilhjalmur Stefansson, the noted Arctic explorer. Mr. Stefansson is in London, England, to address the British Parliament on the economic aspects of the Arctic.

The explorer believed the route from Britain to America by way of the Faroe Islands, Iceland, Greenland and the Baffin Islands was the only practical route by which Europe could be linked with America by air.

There is not a single jump of more than 300 miles along this route," declared Mr. Stefansson, "and it will be a safe journey for a light aircraft. The temperature of the south coast of Iceland, even in winter, is only the same as that of the east coast of Scotland at the same period of year."

There would, however, be added, said the explorer, the fact that about two miles above the sea level in order to escape the mountains, the route would be a long one. In this route, the explorer explained, was that planned by an American commander, which proposed to place a floating island in the ocean half way between New York and Bermuda.

Placed on Their Honor

German Now Have Full Control of Rhine Area

The French Army marching out of the Rhineland, turned back full control of the occupied territory.

There were a half million troops along the Rhine, and the French, Belgian, British, Italian and those from the United States, and those were evacuated the army occupation dwindled to about 25,000 men these last few months, and now all are gone.

Word of honor has replaced force as guaranty for German reparations. The young plan with its bank of international settlements and the recent issues of German Reparation bonds in nine countries, now has the half-century jubilee of German war indemnities to the Allies.

The occupation of the Ruhr which the Germans called "Invasion," in 1923, was the high point in action, in controversy and in psychological effect during the ten and a half years of the occupation under the Treaty of Versailles.

When Germany was declared in "wilful default" of the reparations commission, Jan. 9, 1923, Premier Raymond Poincaré took possession of the Ruhr, one of the richest spots of the world, with 4,000,000 inhabitants.

Builds Remarkable Road

One Just Opened in Norway Masterpiece of Engineering

The transportation problem in Norway, especially since the development of motor traffic, has presented serious difficulties to the government. For Norway is a long, narrow, mountainous country, and though the distance from the southernmost point to the North Cape is approximately 1,600 miles, the total population is less than 3,000,000. A remarkable new road has been opened to the public within the last year. It connects Haugseton on the Bergen Railroad, with Eidfjord, on the Hardangerfjord. It is said to be a masterpiece of engineering and provides a thorough means of driving and travel with perfect safety. Eastbound cars must start from certain spots on the even and easy half hour, westbound cars waiting at designated places. There are no speed limits and no "speed cops," because there is no incentive for speeding over such even, level and potentially dangerous road.

Light Stops Train

Demonstration of a method of halting trains by the action of a beam of light, was made with a small model recently. A small hand lamp casts a ray which strikes a light cell on the front of the engine. The cell then causes the brakes of the train to be applied through the action of relays set in operation by the action of the light upon the cell.

The Smallest Pilot

Walter Bohnisch, 16 years old, of Lindsay, who is less than 5 feet tall and weighs 90 pounds, is possibly the smallest licensed pilot. He is six-sixteen inches in the foot and wears two and a half in the foot. He was flying for his license Friday, the 15th.

Experiment a Total Loss

Giant Tube To Convert Gulf Stream To Electrical Energy Collapses

A giant tube built at a cost of more than \$1,000,000 and designed to harness the waters of the Gulf Stream to convert them into electrical energy, collapsed when sunk into the sea near Matanuska, Cape, and was destroyed.

The tube was designed by George Claude, French scientist. It was built of corrugated steel, was 1,800 meters long and required three months to build.

The plan was to place the great tube in a channel on the bottom of the Gulf Stream to a power plant erected at Professor Claude's laboratory along the gulf shore, near Matanuska. The general principle was that the Gulf Stream water, being subjected to vacuum would rise to the boiling point and produce steam sufficient to turn great turbines for generating electrical power.

Beauty and Usefulness

No Reason Why Everyday Things Should Not Be Attractive

The consumer has cause to rejoice over the reunion of beauty with usefulness. Where else if not in the home should such a movement exert its most beneficial influence? There is no reason why beauty and usefulness should not begin at home; yet the lamp in the boudoir, the gas range in the kitchen, the ash tray in the library, the automobile in the garage should not be designed and colored by the best artists industry can afford to employ.

This flight into the realm of art which modern business has taken is more than a pretty sales appeal. It is a cultural force. If it is not dissipated in a straining toward extremes, may eventually help to raise the level of popular taste.

Monster Inter-Provincial Picnic

Will Celebrate Linking of Manitoba and Saskatchewan Highways At Gateway On Labor Day

Arrangements are rapidly being made for the monster Inter-Provincial Picnic, on Labor Day, on the Manitoba-Saskatchewan highway near Roblin, Manitoba.

A luncheon meeting of the representatives of various communities in Manitoba and Saskatchewan, sponsoring this celebration met at Roblin, and spent a busy afternoon discussing different items in connection with the picnic. The general chairman of the Association, Art Stelek, of Dauphin, kept the boys working hard on their various projects. A welcome visitor on that occasion was "Ace" Emmett, of the Manitoba Motor League, who, in his enthusiasm for anything which makes for development of tourist traffic and good roads, made a special solo trip from Winnipeg to attend the meeting. Following the business session, and spurred by the enthusiasm of H. J. Bowley, the energetic chairman of the group, the picnic was adjourned to the picnic grounds in the beautiful landscape of Roblin.

At the site chosen for the picnic, which will be of the basket variety, there are many trees, and the area is bordered by low lying bushes and with the Assiniboine River on the western side. The picnic grounds are on the meadow which is on the floor of the Assiniboine Valley, at that point about a mile wide, there is a natural level amphitheatre, and the banks of the valley, practically free of trees, and ideally suited for accommodation of the thousands of motorists. A platform can be erected at the base of the hills and speakers can be seen and heard by thousands with comfort.

The festivities are slated to start about 11 a.m., when bands from points in Manitoba and Saskatchewan will be presenting a musical program and the motor picnic breakfast lunch will take about one hour, to be followed by a luncheon ceremony.

The linking up of the good road highway systems of Manitoba and Saskatchewan, at that point, is the work of the Manitoba Minister of Public Works and Honorable A. C. Stewart, Minister of Highways for Saskatchewan, are expected to function as the chief participants in this symbolic ceremony. Governor Christianson, of Minnesota and possibly Governor Sorenson, of North Dakota, are expected to be on hand to give the occasion a friendly international flavor.

The picnic will be a "dry" barbecue, where a thousand "beats" will be broiled if necessary, a sudden death baseball tournament between all star Manitoba and Saskatchewan teams, championship horsehoe pitching contest, children's sports, and many other diversions, entertainments and attractions. Altogether it is freely conceded that a very pleasant time will be had on this occasion.

Hot water and hot dogs will be available on the grounds. And the world is invited to attend.

Many will ask what is all this about? The aims and objects of the Inter-Provincial Association, which is the body set up to handle this picnic, is stated in its literature to be "Organized by communities and public bodies of Manitoba and Saskatchewan to celebrate in the form of an Inter-Provincial Picnic on Labor Day, September 1st, 1930, at the Manitoba-Saskatchewan boundary in the Assiniboine River Valley, the joining of the two provinces."

as a dominating event of good will between our Prairie communities and our friends to the south of the U.S.A. border, and as a gathering to evidence the fact that good roads for which we have long struggled have brought distant communities practically to each others door.

Using Small Seadrome

San Francisco Air Ferry Has Found Answer At End of Dock

A seadrome, built on the principles of proposed mid-sea landing places for taking care of stricken children. Last year there were 854 cases in Ontario, and 855 were in Quebec, and 80 in Quebec. No province was free from cases. There were 70 deaths.

Because of the large number of cases of this disease in Canada last year, and particularly in Ontario, the department published its booklet which gives, in clear and understandable language, directions to mothers for taking care of stricken children.

Shaped like an inverted saucer, the landing contrivance has a smooth rounded top and beneath its hull is a system of air tanks which may be regulated to control the depth and angle at which the device floats. The artificial island idea is carried out with hand on the incline to prevent the amphibians from skidding. The sand is cemented into place. A float is anchored at the end of a dock where more than 85 landings a day may be made, with a similar number of take-offs.

Build Annex To Elevator

Big Grain Storage Elevator At Port William To Be Enlarged

Erection of a grain storage annex of 1,600,000 bushels capacity to the Port William terminal elevator of N. M. Paterson and Company, is announced by Norman M. Paterson, president, at a cost of approximately \$250,000. Construction will start immediately by the Fegles Construction Company, of Minneapolis, and Port William. It will be completed ready for storage by about October 1. Engineers of the Fegles Company will prepare for construction to begin within a fortnight.

Regina's Population Increases

Population Is Now Estimated To Be Nearly 67,000

Population of greater Regina is now 66,996, according to figures released by the Regina Board of Trade. The figures represent the population of the city on June 1, it was said. This figure shows a growth of 4,515 since the 1926 census, and a total of 62,481 compiled by Henderson's Directory, and the Regina Board of Trade, reported for June 1, 1929.

Telegraph Lines In Canada

Latest statistics show over 358,000 miles of telegraph lines in Canada. In addition to such six trans-Atlantic cables have their terminals in Canada, five on the Atlantic and one on the Pacific, and handle nearly 8,000,000 calls annually.

To Free His Belief

A Polar expedition may be launched by Dr. Knud Rasmussen, noted Arctic explorer, to demonstrate his belief that the Eskimos are related to the neolithic men who inhabited the caves of what is now France and other parts of Europe.

Serum Saves Children

Serum Treatment For Infantile Paralysis Used Successfully

Such "ignorant" articles have been coming out of the pen of the writer that not one victim in the province of Ontario last year who received serum at the first day of illness was paralyzed. Neither was there a death among them. These facts are contained in a pamphlet published by the Federal Department of National Health under the supervision of Dr. Helen Macnamara, chief of the division of child welfare.

Because of the large number of cases of this disease in Canada last year, and particularly in Ontario, the department published its booklet which gives, in clear and understandable language, directions to mothers for taking care of stricken children. Last year there were 854 cases in Ontario, and 855 were in Quebec, and 80 in Quebec. No province was free from cases. There were 70 deaths.

An Expensive "Toy"

Perfect Model Of London's Underground Shows

Perhaps the most expensive "toy" in the world, and one which has certainly filled the hearts of boys of all ages with envy, was put on show at the Underground station, recently. This was a complete model section of the Underground system, showing a miniature track, with three beautifully made model trains. The idea of the model is to show those who travel by Underground how the safety system works. At the trains run, they switch on the red signal lights behind them. Then, as they pass from one section to the next, the lights turn to green. So the model shows quite clearly that there can never be two trains on any one section at the same time.

Because of the large number of cases of this disease in Canada last year, and particularly in Ontario, the department published its booklet which gives, in clear and understandable language, directions to mothers for taking care of stricken children. Last year there were 854 cases in Ontario, and 855 were in Quebec, and 80 in Quebec. No province was free from cases. There were 70 deaths.

Canadian Bond Sales

Amount Being Invested In Bonds Speaks Well For Prosperity Of Dominion

The first five months of the present calendar year saw Canadian bond sales total \$22,677,277, as compared with \$22,760,612 for the similar period of 1929, and \$210,285,860 for the year of 1928. Two thirds of the whole, or \$24,899,277, were purchased in Canada, while the remainder, amounting to \$7,778,000 were bought in the United States.

Good Roads Program

Extensive Mileage In The National Parks Being Built This Year

Good roads are being extended to every part of Canada. In the rural districts of every province there is a network of paved or surfaced roads, which not only are of benefit to the motorists, but to the farmers. In the National Parks of Canada, the playgrounds of the country, maintained by the Canadian Government, there is an extensive mileage of improved roads. The road building programme in these parks this year has a substantial one and the provincial governments are constructing sections to connect the roads in the parks with the principal provincial highways.

Automatic Letter Box

A Berlin post office has been equipped with automatic letter boxes, and when the postmen come they have reached a certain total weight, they are conveyed automatically on a travelling band to the sorting room.

Make Your Windows Pay

Invest in WINDOLITE Windows and you will be repaid a hundredfold in the health of your Poultry and Live Stock

WINDOLITE

THE ORIGINAL GLASS SUBSTITUTE
MADE IN ENGLAND SINCE 1917 ON ORIGINAL PATENTS

This unbreakable glass substitute is light and durable, easy to cut and fit, will withstand extreme changes in temperature, keeps out cold and wet, but allows the full sunlight to enter, including the health-giving Ultra-Violet Rays, which do not penetrate ordinary glass.

CUT DOWN YOUR LOSSES BY INSTALLING WINDOLITE

Canadian breeders of poultry and livestock are finding Windolite a most satisfactory and profitable investment. Young chickens and turkeys are entirely free from leg weakness and disease and will thrive on confinement under Windolite. Windolite comes in rolls any length, but 36 inches wide only.

Local News

The town public works department
is continuing with the work of side-
walk improvement, and now working
on the walk from R. H. Struthers
square to the Royal Bank corner. The
walk on the north and west side of
the Imperial Hotel have been finished.

Clifford Gately, of Malvern, is a
patient in the Bassano hospital. He
recently underwent an operation for
appendicitis, and is now getting
along fine.

Mrs. F. Koch, of Badger Lake, is a
patient in the hospital here, having
recently undergone a operation.

Mr. and Mrs. W. F. McDonald and
children motored to Calgary Thurs-
day morning to attend the exhibition
and stampede.

Miss Irene Johnston is spending a
holiday in Banff.

Mrs. E. P. Currie, Mrs. Jas. John-
ston, and Mrs. W. F. Keith motored
to Sylvan Lake on Thursday of this
week. They will spend a few days
vacation at this popular summer re-
sort.

The Ford coupe driven by I. Grot-
vitch upset on a rough stretch of
road near Hussar Wednesday after-
noon. Nobody was seriously injured,
but considerable damage was done
to the car.

Sid Robinson is laid up with an
injury to his leg received during a
horse race in Bassano on Wednesday.
The injury had kept him out of
the last couple of ball games played
by the Bearcats.

CAID OF THANKS

Mrs. English and family wish to
thank all their friends for their
kindness and sympathy in their
bereavement, and for the lovely
wreaths of flowers.

OBITUARY

DANIEL ENGLISH

Daniel English, farmer of the Hus-
sar district, died in Bassano on Wed-
nesday, July 2, at the age of 56 years.
He was brought to the Bassano Hos-
pital suffering with heart trouble a
few days previous to death.

The late Daniel English had been
operating his farm fourteen miles
north-east of Hussar since 1921. He
was a good neighbor, and had many
friends who mourn his passing.

The funeral was held on Friday,
July 4, from Knox Presbyterian
Church, Rev. P. C. McCrae conduct-
ing the service.

Deceased is survived by his sister-
in-law, Mrs. T. English, of Hussar;
two brothers and two sisters in the
United States.

Many floral wreaths were laid on
the casket by relatives and friends,
as follows: Mrs. T. English and
Family; Mr. and Mrs. E. J. Bell, Mr.
and Mrs. J. E. King, Mr. and Mrs. H.
A. Treond, Mr. and Mrs. W. A.
Treacy, the Purge Family, Mr. D.
McEachern, Mr. Art Scott, Mr. and
Mrs. H. D. Brown, Mr. and Mrs.
Chris Armstrong, Bert Young, Jack
and Yvonne Williams, Norman Brary,
Earl Johnson, Frank Kelly.

CRAWLING VALLEY

A large crowd attended the barn
dance at McCrae's last evening,
and all seemed to have a fine time.
Mr. Robbins had the misfortune to
hurt his leg with the tractor last
week, and went to Bassano to see
the doctor. His injury is improving
nicely now.

Treillis Mae Robson was in to see
the doctor last Monday. She is fine
at this time.

Mr. Hendricks, of Calgary, spent
the week-end with his niece and
nephew, Mr. and Mrs. Robbins. Mrs.
Robbins is returning with him to
attend the stampede.

A number of ladies of this district
and Dorothy attended a tea given
at Dorothy for Mrs. Nell Smith last
Tuesday afternoon. A lovely lunch-
eon was served. Mr. and Mrs. Smith
and daughter expect to spend their
coming vacation on the coast visiting
relatives.

The following were dinner guests
at the home of Mr. and Mrs. Robbins
on Sunday: Mr. and Mrs. Robbins
and daughter, Lloyd Heaton, and Mr.
Hendricks.
